

## Online Roundtable on Energy Efficiency in the Water and Sanitation Sector in Senegal

As water supply and wastewater disposal represent energy-intensive services, improving energy efficiency in the water and sanitation sector is crucial for meeting future energy demands and to mitigate greenhouse gas emissions. The roundtable provides a platform for the exchange of know-how and new developments in the context of water, sanitation and related energy saving potentials in Senegal. It also stresses business opportunities for the (German) private sector in these areas, outlines current investment programs and best practices.

The Roundtable is jointly organized by German Water Partnership (GWP) and the German Federal Association for Small and Medium-Sized Businesses (BVMW), in collaboration with the Special Initiative on Training and Job Creation (operating under the Invest for Jobs brand) and the Business Scouts for Development Programme (BSfD) on behalf of the German Federal Ministry for Economic Cooperation and Development (BMZ).

**Date and time:** 29 September 2021, 11h00-13h00 (CET)

**Venue:** online via ZOOM : [https://us02web.zoom.us/webinar/register/WN\\_auGJsneTRZuB\\_RT4q2wmdw](https://us02web.zoom.us/webinar/register/WN_auGJsneTRZuB_RT4q2wmdw)

Facilitated by Julia Braune (Managing Director, GWP)

Time	Agenda Item	Speaker
11:00	Opening Remarks	<b>Andreas Jahn</b> , Member of the BVMW Management Board <b>Michael Kersting</b> , Board Member, GWP
11:10	Keynote – Government priorities in the water and sanitation sector in Senegal and the role of private sector engagement	<b>Serigne Mbaye Thiam</b> , Minister for Water and Sanitation Senegal (tbc)
11:20	Overview of the water and sanitation sector in Senegal and energy saving potentials	<b>Babacar Ndaw</b> , Water Expert
11:30	Water / Sanitation Investment Program in Senegal	<b>Ramón Ynaraja</b> , Representative of the European Investment Bank in Senegal
11:40	Q+A	
12:00	Best Practice – Energy efficiency aspects in Sambangalou hydropower dam in Senegal	<b>Mario Ledic</b> , Director Governmental Affairs at Andritz Hydro GmbH
12:10	Best Practice – Energy efficient pumping systems	<b>Peter Weber</b> , Managing Director at KSB Pumps & Valves Pty Ltd
12:20	9 <sup>th</sup> World Water Forum in Dakar	<b>Abdoulaye Sené</b> , Executive Secretary of the 9th World Water Forum, Senegal
12:30	Keynote	<b>Sylvain Usher</b> , Managing Director African Water Association
12:40	Discussion and Closing	<b>Julia Braune</b> , Managing Director GWP
